Entirely New and Different from Any Previous Garden and Floral Guide

in Our Whole 88 Years of History!

FOR five years we have been waiting for this new and wonderful printing process to be perfected so we might bring to you the glorious colors of Vicks finest flowers in all the brilliance and purity of Nature's hues—at least as much as the ingenuity of man has been able to reproduce. Marvelous advances have been made these past few years, and it was finally decided to prepare Vicks book this year as you see it now.

All of the brown pictures—printed just like the photo sections of the leading Sunday papers—are from actual photos of the flowers as they grow in the garden. Some of the color pictures are also from actual photographs colored; others were painted in lifelike colors by one of America's ablest flower artists.

We hope you enjoy them as much as we did preparing them—and if you are one-tenth as interested in turning the pages now as we were in seeing the first ones from the press, then our care and effort is rewarded. What a thrill it is to see those great machines hum, the big roll of white paper going in at one end and the finished books coming out at the other—all printed in colors, all folded into pages—at the rate of 300 a minute!

OUR FOUNDER

James Vick

The print from an old wood engraving made back in the days when your grandparents—even the great-grandparents of some of our readers—were sending for flower and vegetable seeds from Vicks Garden and Floral Guide.

Hundreds of New, Lower Prices

EVERYWHERE, we read that prices are going up—food, clothing, nearly everything we buy is costing more. But that is not true in this Garden and Floral Guide for 1937—hundreds of prices are lower, in some cases cut in half! Yet Vicks Quality is just as high, even higher than ever before—for breeding methods are continually improving, more perfect plants are selected, new varieties are created.

Even on such new flowers as Rust-Resistant Snapdragons we have been able to reduce prices so they cost no more than you previously paid for those not immune. Several of Vicks best Asters now cost only half as much as a few years ago.

Vegetables, too—through foresighted planning and fortunate escape from drought, we have been able to provide the choicest quality seeds at these low prices, so you can save money two ways—make your seeds cost less and have your own fresh vegetables instead of buying everything.

Everything in This Book is Sent Postpaid

THE prices printed are all you pay—there is no postage to be added—we pay all delivery charges to your door.

Order Early

It's a good plan to have your seeds on hand to plant early, for best results.

Best of the New Flowers

Two Pages of the Favorite Newer Flowers People Are Talking About, also Some Fine New Varieties for 1937, Now Shown for the First Time

These are the flowers your neighbors and friends will notice first when they see your garden in 1937. There is a real thrill in having some of these fine new flowers, both the ones which are absolutely new and those which have swept the country in the last two or three years.

Orange Flare Cosmos

1798 Bright, showy, golden-orange flowers in 3 months from seed. Very free-blooming, the plants are covered with flowers until frost destroys them. Attractively foliaged, 3 ft. plants **Pkt. 10c.**

Sensation Early Cosmos

1805 **Mixed Colors.** (Picture on page 13.) They really do live up to their name, bringing to the early-flowering class all the luxury in size and petal formation which has been characteristic of late Cosmos. Giant, early-blooming, 4 to 6 in. across; deep and light pinks, and white. Borne profusely on 4 to 6 ft. plants. Award of Merit, All-America Selections, 1936. **Pkt. 15c.**

Fire Feather Celosia

1705 See picture on page 12. A Plumed Lilliput, with 15 to 20 feathery plumes of brilliant, rich fiery crimson. Compact 1-ft. plants. For beds, borders, edging; also pots and boxes. **Pkt. 10c.**

Flaming Velvet Petunia

2557 Brilliant deep velvety mahogany-red. All-America Gold Medal Winner 1936. Large-flowered bedding type. See picture page 21. **Pkt. 25c.**

Blue Wonder Petunia

2553 Truly beautiful. Large blooms, luminous mid-blue. The finest blue Petunia, and one of the best of all blue flowers. One of the Large-Flowered Bedding (or Balcony) class on page 20. **Pkt. 15c.**

Floradale Beauty Giant Verbena

2938 Improved "Beauty of Oxford Hybrids" in beautiful warm shades of rose pink to deep rose-red. Individual florets 1 in. across, in mammoth trusses on compact plants. Other colors, page 24. **Pkt. 25c.**

Golden Rod Eschscholtzia

1963 Enormous; bright golden-orange, produced freely all summer. New erect, compact plants. For beds, edgings; long stems. When cut in the bud the graceful flowers last well. Others, page 13. **Pkt. 15c.**

Giant Imperial Larkspur, Dazzler Red

2197 (Picture at right). A worthy new addition to the lovely colors on pages 14 and 15. Most brilliant and purest red ever seen in Larkspur. 3 to 4 ft. tall. **Pkt. 15c.**

Sunshine Calendulas

Long, curling, Chrysanthemum-like petals; flowers 4 in. or more across. Free-blooming. Long stiff stems.

1612 **Yellow.** Radiant canary yellow. Gold Medal Winner 1934. One of the most popular of all. **Pkt. 10c.**

1618 **Orange.** New for 1937, in color below. A lovely companion to 1612 above; together they present a glorious sight in the garden and provide many luxurious bouquets. Warm, glowing orange. **Pkt. 15c.**

Navajo Zinnias

3097 **Mixed Colors.** A new and unique Zinnia reminiscent of Navajo art. Medium-sized double and semi-double. Long narrow petals, slightly incurved or fluted, heavily tipped with white or cream; balance in a solid color. Lilac, lavender, crimson, russet, orange, yellow, pink, etc. 1½ ft. **Pkt. 15c.**

Dahlia-Flowered Zinnia, Fancy Tints

3099 Gigantic, double blooms, often well over 5 in. across and not seldom as much as 4 in. deep, in the most appealing tints of cerise, gold and rose. Plants are base-branching providing flower stems 2 to 2½ ft. long. **Pkt. 25c.**

Double Sweet Wivelsfield

3976 **Mixed Colors.** Splendid double flowers; cross between Sweet William and Annual Pinks. Beautiful edgings, and markings. Blooms more freely than Sweet William, with larger and better flowers and more colors. **Pkt. 20c.**

More New and Outstanding Flowers

1937 Gold Medal Winner
Crown of Gold Marigold

2337 The only Marigold with sweetly fragrant flowers and entirely odorless foliage —see actual colored photograph and description on page 16. Easy to grow, early flowering. **Pkt. 25c.**

Mrs. Lippincott Marigold

Mrs. Lippincott

2296 Cactus-flowered, entirely different, and attractive! Clear golden yellow, with quill-like folded petals. Flowers 2½ in. across. 1½ ft. plants. **Pkt. 15c.** Other fine Marigolds appear on pages 16-17.

Tahoka Daisy

1935 Fern-like foliage, 20-in. plants; early. Profuse. 2-in. single flowers like Hardy Asters; narrow, pointed, lilac-blue petals; golden center. All summer and fall. **Pkt. 15c.**

Loveliness

Tall Giant Snapdragon
Loveliness
Rust-Resistant

1357 The giant, densely set flower-spikes are so husky, the plants so thrifty, the flowers such a rich rose-pink, it is really unsurpassed. And the packets have been reduced to the same low price Vick customers formerly paid for seeds not rust-resistant. **Pkt. 15c.**

Turn to the lovely colored photograph on back cover and you will want not only Loveliness but all six, at that special price.

Phlox Gigantea

2615 **Drummondii, Art Shades.** In color on page 22. All-America Award of Merit winner. New larger flower heads, individual flowers 1¼ to 1½ in. across, delightful soft pastel colors, with lighter eyes. Too glorious to miss. **Pkt. 15c.**

Dianthus
Pinks

1916 **Laciniatus Splendens.** Artistic flat, fringed and waved 2-in. single flowers in brilliant crimson with defined white eyes. **Pkt. 15c.**

Browallia Amethyst

Browallia • *Amethyst*

1560 **Elata, Mixed.** Free-flowering, 18 in. tall, simply covered with dainty little blooms from June to Sept. Blue, white. Gaining new interest, for rock garden and border. Will bloom all winter indoors. **Pkt. 10c.**

Statice, Pastel Shades

Pastel Statice

2767 Among the choicest of all flowers for winter bouquets, beautiful in the garden as well as after drying. The Statice on page 24 gain greater popularity every year, and these new pastel shades will outrun them. **Pkt. 15c.**

Moonflower

2370 **Heavenly Blue.** Such a favorite that we show in color on page 14. Lovely bright sky-blue flowers, great flaring trumpets, contrasting white throat, 4 in. across. Opens in late afternoon, remains open all night and next morning, closing at noon. Climbs rapidly, blooms early. **Pkt. 10c.**

Double Nasturtiums

Giant Sweet-Scented Flowers, Dwarf Globe-Shaped Plants, without runners.

Golden Globe

(See Nasturtiums in color on page 16, and Globe Plant photo on page 17)

2412 **Golden Globe.** All-America Award of Merit, 1936. Same flowers as Golden Gleam, but on dwarf, compact, round, 1-ft. plants, a boon for the small garden. **Pkt. 15c.**

2425 **Scarlet Globe.** Same as Golden Globe, but in the fiery scarlet of Scarlet Gleam on page 16; as many as 100 blooms to a plant! **Pkt. 20c.**

Nierembergia

2468 **Hippomanica.** Beautiful, prolific, lavender-blue cup-shaped blooms 1 to 1¼ in. across, with tiny clear yellow eyes. Dwarf plants, densely matted, 4 to 6 in. high, 12 in. wide. For pots, baskets, borders, rockeries. All summer, fall. **Pkt. 25c.**

Bonnie Ruffles

Sweet Pea
Scotch Gold Medal Winner 1936

3264 **Bonnie Ruffles.** Most exquisite of all Sweet Peas. Unusually large; long stemmed. Salmon-pink on creamy primrose, unique golden pink appearance, deeper at edges. Very fragrant. **Pkt. 25c.**

3265 **Burpee Blue.** Award of Merit in Great Britain, 1936. Dark blue, very large; beautifully waved, ruffled. **Pkt. 25c.**

Other Sweet Peas in color, page 27.

Jubilee Gem Centaurea
Dwarf Bachelor's Button

1758 Dwarf, compact plants, about 1 ft. tall, literally covered with dark but vivid blue double flowers. Fine for edgings, borders, rock-gardens and pots. Very charming. 18 in. **Pkt. 15c.**

Jubilee Gem

Dwarf Peony-Flowered Dahlia, Charm

Dahlia Charm

1931 A worthy addition to the other Dahlias from seed on page 13.

Plants grow about 2 ft. tall and bear profusely light and graceful, semi-double flowers on long, rigid wire-like stems. Contains about all colors seen in Dahlias. Blooms until frost. Fine for cutting. **Pkt. 25c.**

Many More Flowers, Too Numerous to Mention Here, Have Been Added Throughout the Book.

New Perennials

White Delphinium

3675 **Summer Cloud.** Towering, tapering flower-spikes thickly studded with large exquisite single and semi-double blooms. Pure glistening white, with striking light green "bees." Just what you have wanted for years! 5 to 5½ ft. **Pkt. 25c.**

Vicks Prize Delphinium are shown in color on page 14; many other varieties are listed on page 32.

Iceland Poppy

3909 **Yellow Wonder.** Showy, cup-shaped flowers, 4 in. across; rich lemon-yellow changing to bright Buttercup-yellow with lighter centers—a distinct and showy color. Longer stemmed, larger flowered. Showy in the garden; lovely for cutting. 2 ft. **Pkt. 25c.**

Once you cut these gorgeous flowers in the bud and see their grace as they open up in bouquets, you will not be content till you have other fine colors too.

Many more new and favorite perennial flowers, pages 32-33.

Delphinium Summer Cloud

A Galaxy of Gorgeous Vick Asters

EVER since the world-sensation in 1893 when James Vick introduced Vicks Giant Branching Asters, we have been famous for Asters. Asters introduced by Vick, including the renowned Heart of France, are now featured by leading seed houses round the world.

Vicks exquisite Asters, in the many beautifully perfected strains described in this book, are the result of many years of constant, careful study, individual plant selection and expert hybridizing to achieve greater size, unusual colors and unique, attractive, perfect petal formations. Very easy to grow. Instructions on packets.

Aurora Golden Sheaf

1144 **Wilt-Resistant.** Deep lemon yellow, heavy and very thick, blooms like Blue Wonder on front cover, with crested cushion-like center surrounded by many wider petals. Long-keeping, ideal for home garden, excellent for roadside stands and market. 3 to 4 in. across. Very unusual as well as beautiful. We are happy to add this important flower to Vicks Yellow Asters, and especially because it is Wilt-Resistant. **Pkt. 15c; 1/16 oz. 30c.**

Ave Marie

Ave Marie

1147 **White.** Right from the first day Vicks Garden and Floral Guides were mailed last year, this has been a popular Aster. When first open the blooms appear quilled, the snowy white petals being folded lengthwise. But as the flowers expand, the petals become quite flat. They are immense, 4 to 5 and sometimes 6 in. across. 2-ft. branching plants. Long, sturdy, very graceful stems. **Pkt. 20c; 1/16 oz. 35c.**

Season of Bloom

Asters bloom from 3 to 5 months after seed is sown. For earlier blooms sow seeds indoors.

Extra Early (late June-July)
Queen of the Market

Early (July-Aug.)
Royal, Imbricated Pompon

Midseason (late July-Aug.-Sept.)
Rochester, Super-Giant, Cal. Giant, Crego, Vicks Branching, Cal. Sunshine, Aurora, and individual varieties unless otherwise stated.

Late (Aug. 15 to frost)
Ave Marie, American Beauty, Mammoth Peony, Peerless.

Venus

1145 Rich rose-pink. Venus is another new Aster which you will prize in your garden, and the commercial grower will welcome. Long, very narrow petals; outer petals straight, curling only at ends, while center ones twist and curl. 2½-ft. well-branched plants.

Pkt. 15c; 1/16 oz. 30c.

All the new Asters on this page will go very well together, and add unusual interest to your garden.

The Four New Asters on Front Cover

(from Actual Colored Photographs)

Vicks Supreme

970 Very large and decorative; intricate curled and interlaced petals, rolled inward in semi-quilled effect, flattening out somewhat as the flowers age. Soft shell-pink. 5 to 6 in. diam. **Pkt. 25c.**

Blue Wonder

972 The same distinct type so admired in Aurora Golden Sheaf listed at left above; a delightful counterpart. The broad, blue outer petals are set out in bold relief by crest-like center cushion of yellow, seemingly quilled petals. 1½ ft. **Pkt. 25c.**

Campfire

977 Dazzling, brilliant red—the brightest of all Asters. Large double blooms, very round. 20-in. branching plants. **Pkt. 25c.**

Yellow Glory

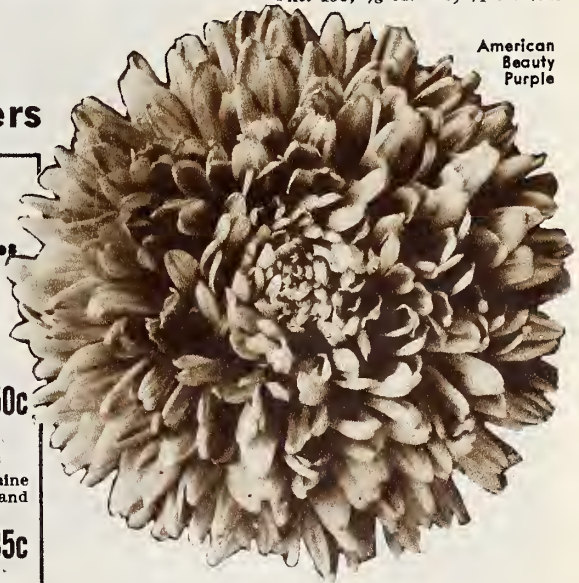
971 One of the Giant Comet family, described on page 6. An appealing blend of light and deeper yellow. **Pkt. 25c.**

5063 **Special Introductory Package, All 4 of Above, A Full 25c-Pkt. of Each** (value $1.00) for only **50c**

Vicks Famous Novelty Aster Mixture

1225 A delightful assortment of all classes and colors of Asters. Besides its value for garden display it will provide a supply of cut flowers through late summer and early fall; the best and most unusual varieties at smallest cost. For many years Vicks Novelty Mixture has brought pleasure to Aster lovers, and even larger growers include it so all types will be represented.

Pkt. 15c; ⅛ oz. 50c; ¼ oz. 75c.



American Beauty Purple

Choice American Beauty Asters

Large, globular, fully double, with incurved petals artistically arranged. Branching plants 2 to 2½ ft. tall, very profuse blooming. Bloom right after Vicks Giant Branching.

Wilt-Resistant Colors:

1048 **Azure Blue.** Clear lavender-blue.
1046 **Carmine Rose.** Very bright rose.
1047 **Crimson.** A dark, intense color.
1050 **Purple.** Luxuriant.
1049 **Shell-Pink.** Soft pastel.
1051 **White.** Pure snow white.

Any of the above colors, each: **Pkt. 15c; 1/16 oz. 35c; ⅛ oz. 60c.**

1052 **All Colors Mixed.** All of the Wilt-Resistant colors are included in this mixture. **Pkt. 15c; 1/16 oz. 30c; ⅛ oz. 50c.**

Two desirable colors not yet wilt-immune: Each: **Pkt. 10c; 1/16 oz. 25c.**
1040 **Peach Blossom.** Pink flushed with peach.
1042 **Rose.** Pure deep showy rose.

Vicks Famous ROCHESTER

THERE is no Aster more beautiful or more double than the Rochester. The long, narrow gracefully reflexed and curled petals are of exquisite texture, falling over one another in a charming cascade of color and a wonderfully shaggy mass that cannot be equalled for richness in effect. The massive blooms grow 4 to 5 in. across, with the outer petals showing to their full extent while gradually, toward the center, the other petals bend and curl across each other, giving the whole flower an artistic appearance not unlike a Japanese chrysanthemum. They are so fully double that they produce very few seeds.

The stems are long and strong, carrying the heavy flowers in stately manner without drooping. The plants are extremely vigorous, 2 ft. tall or more. It is not at all unusual to find so many flowers in full bloom on one plant as to almost hide the leaves in a solid mass of color. The blooming season is right after the early midseason varieties, right at the time the choicest blooms are most appreciated. They continue to bloom over a long period, and the flowers last well after cutting.

Wilt-Resistant

All Vicks Rochester Asters are Wilt-Resistant, and this advantage is bringing even greater popularity to these famous blooms. If you live in a section where wilt-disease has been found, do not hesitate to plant Rochesters.

Heart of Rochester

1163 Rich, glowing ruby-red, inheriting its name from the world-famed Heart of France also introduced by Vick. In color at right. **Pkt. 20c; 1/16 oz. 35c.**

Lavender Rochester

1161 Clear lavender. Pictured in color at upper right. **Pkt. 20c; 1/16 oz. 35c.**

Lavender-Pink Rochester

1165 Lavender-Pink was the first in this marvelous class. An exquisite shade—the color of apple blossoms. **Pkt. 20c; 1/16 oz. 35c.**

Purple Rochester

1167 Rich deep purple, with many attractive lights playing in the petal formations. In full color at lower right of page 5. **Pkt. 20c; 1/16 oz. 35c.**

Rose Rochester

1164 A beautiful, clear rose that never falls to attract attention. Long, stiff stems. **Pkt. 20c; 1/16 oz. 35c.**

Shell-Pink Rochester

1166 Soft shell-pink, of exquisite daintiness. In picture at right. **Pkt. 20c; 1/16 oz. 35c.**

Silvery-Rose Rochester

1162 Every petal is a combination of deep lilac-rose and warm glowing pink, highlighted by an unusual silvery sheen. In picture at right. **Pkt. 20c; 1/16 oz. 35c.**

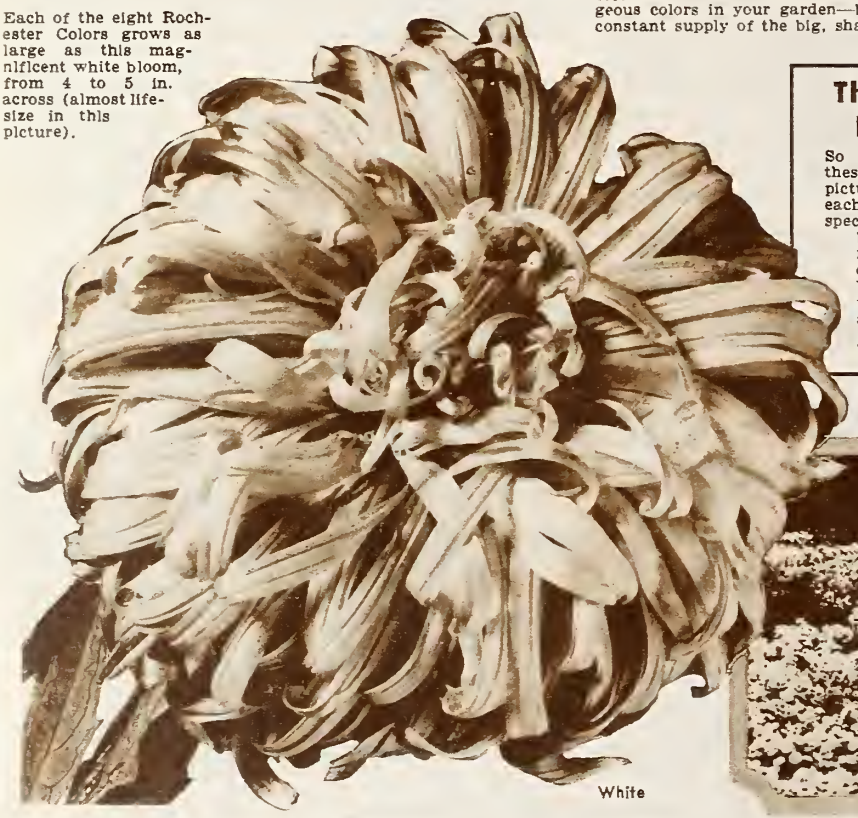
White Rochester

1168 Pure white. This is not only one of the most prized Aster colors but one of the finest of all white flowers. Pictured at left below, almost life-size. **Pkt. 20c; 1/16 oz. 35c.**

Rochester Asters, All Colors Mixed

1169 What could be more beautiful than an array of these gorgeous colors in your garden—blooming so freely there will be a constant supply of the big, shaggy blooms. **Pkt. 15c; ¼ oz. 30c.**

Each of the eight Rochester Colors grows as large as this magnificent white bloom, from 4 to 5 in. across (almost life-size in this picture).



White

These Six Beautiful Rochester Asters

So that all our friends may have these six glorious Rochesters in the pictures on these two pages to plant each color separately, we make this special offer. All grow of equal size, but the artist was compelled to reduce those at right to get them on the page. Those included are: **White, Shell-Pink, Lavender, Silvery Rose, Heart of Rochester,** and **Purple.**

5071—6 Pkts., 1 of each *(at regular prices $1.20)* **75c**

What an inspiring sight! Rochester Asters in the field, growing seeds for the nation's flower-lovers.

ASTERS

Originated on the Vick Aster Farms, then located near Rochester, and selected as the official flower of the city of Rochester.

Super-Giant

Super-Giant Asters

Largest of all Asters on long, very strong stems, beautifully formed with deep, full centers of curling, interlaced petals, the whole flower fluffy and feathered like giant Japanese Chrysanthemums, as much as 6 to 8 in. across. Newest and finest of the shaggy Asters, earlier than the Giants of California below. The plants grow 2½ to 3 ft. tall.

|241 **Los Angeles.** Pure delicate shell-pink blending to creamy pink at the center. The flowers are giant in size with long petals exqulsitely twisted. **Pkt. 25c; ⅛ oz. 85c.**

|243 **El Monte.** Deep glowing crimson, the flowers extremely large, fluffy and very thick through. Special Mention, 1936 All-America Selections. **Pkt. 25c; 1/16 oz. 65c.**

Giants of California

Improved Strain. A newer Aster, one of the most perfect and most beautiful. Of the Comet type, feathered and fluffy, the blooms are huge and deep in form. Curled, entwined and feathery petals similar to the picture of Los Angeles at left, blooming from midseason to frost. California Giants combine the fluffy type of flower with the long, straight stems of the Beauty class. The large, double flowers grow 5 in. and more in diameter, on stems 1½ to 2 ft. long; freely branching plants 2 to 3 ft. tall.

|088 **Carmine Rose**
|080 **Dark Purple**
|081 **Deep Rose**
|082 **Light Blue**
|086 **Light Purple**
|083 **Peach Blossom.** Opens white, changes to pink.
|084 **White**

Any of the above colors, each: **Pkt. 15c; 1/16 oz. 30c.**

|085 **All Colors Mixed.** **Pkt. 10c; 1/16 oz. 25c; ¼ oz. 80c.**

Crego Asters • *Giant-Branching Comet*

Very large, fully double flowers, similar to and almost as large as Vicks famous Rochester Asters, 4 to 5 in. across, with long, ribbon-like petals gracefully curled and twisted, giving them a lovely fluffy appearance. The plants are strong growing, of branching habit, and about 2 ft. tall. Long stemmed; fine for cutting. Midseason.

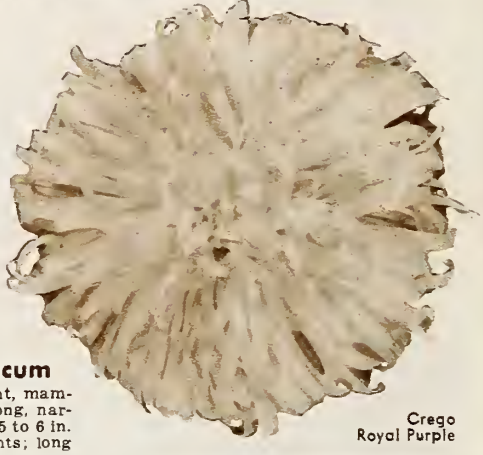
Wilt-Resistant

These splendid flowers are highly recommended over the former Comets, especially where soil has become infected.

|069 **Azure Blue** |071 **Deep Rose** |072 **Royal Purple** |074 **White**
|070 **Crimson** |075 **Peach Blossom** |073 **Shell-Pink** |077 **Salmon Queen**

Any of above colors, each: **Pkt. 15c; 1/16 oz. 25c.**

|076 **Wilt-Resistant Cregos, All Colors Mixed.** A well-blended assortment of all the fine Crego colors in the wilt-resistant strain. **Pkt. 15c; 1/16 oz. 25c; ¼ oz. 80c.**



Crego Royal Purple

New Yellow Glory Comet

971 3½-in. to 4-in. flowers; beautifully curled and twisted petals in a very striking and unusual color—soft, creamy yellow, much deeper yellow toward center. Erect, branching. 2 ft. In color on front cover. **Pkt. 25c.**

New Cactus-Like Unicum

|146 Rich dark violet. Magnificent, mammoth, cactus-like flowers with long, narrow, pointed and twisted petals, 5 to 6 in. in diameter, 2 ft. branching plants; long stems, ideal for cutting. **Pkt. 15c; 1/16 oz. 30c.**

Mammoth Peony-Flowered Asters

Azure Fairy — Mammoth Peony-Flowered

Immense Peony-like flowers exceptionally fine in the late-flowering class. Double blooms 4 to 5 in. across, almost as deep, composed of numerous petals which fold gracefully toward the center as in Peonies. Sturdy flower stems 15 to 20 in. long. Very vigorous plants, growing 2½ to 3 ft. tall.

|130 **Azure Fairy.** Clear azure blue flowers with silvery reflex.
|131 **Maiden's Blush.** Delicate flesh overlaid with warm pink.
|132 **Peach Blossom.** Bright pink with a peach blossom glow.
|128 **Purple Robe.** Very deep shade of purple-blue.
|127 **Rosebud.** A clear deep and lustrous shade of rose.
|129 **Silvery Rose.** Bright rose with a distinct silvery sheen.
|133 **Swansdown.** Pure snowy white, always popular.

Any of the above colors, each: **Pkt. 20c; 1/16 oz. 30c.**

|134 **All Colors Mixed.** A beautiful array of all these superb Peony Asters. **Pkt. 15c; 1/16 oz. 25c; ⅛ oz. 40c.**

Queen of the Market • *Earliest of All*

These, the earliest of all Asters, come into bloom in July. Before most other varieties begin to bud, the Queen of the Market is blooming profusely. The flowers, fully double and nearly round, measure about 3 in. across. The plants are of open, spreading growth and branch freely near the ground, giving medium long stems to the flowers. Very useful for bedding, borders and cutting. 15 to 18 in. tall.

White Queen of the Market

Deep Rose

Vicks Royal Asters

Lavender-Pink

Vicks Royal Asters

Early Branching

Quite early. Well-rounded, double, flowers on very long stems. The broad petals are medium long, gracefully curving inward, except for the centermost petals, which usually form an attractive whorl. About 3½ in. in diameter. The plants branch near the ground. Royal Asters come into bloom when the "Queen of the Market" are at their best. 2 to 2½ ft.

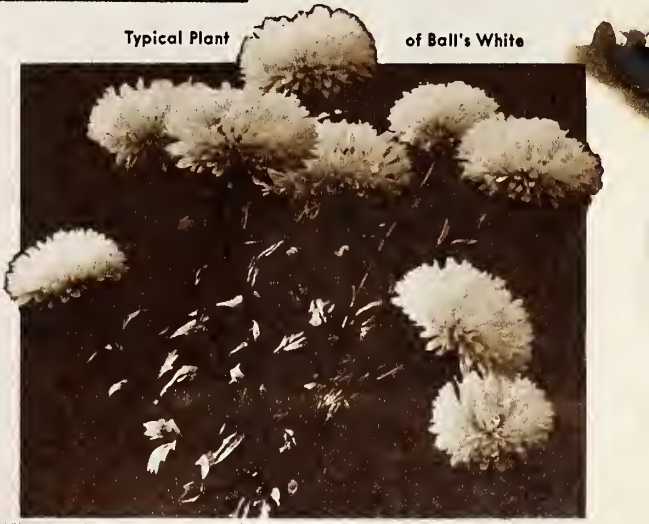
Typical Plant of Ball's White



Ball's White • *Wilt-Resistant*

1217 Pure white, very double, ball-shaped flowers 3 to 4 in. across. They have long stems, are excellent for cutting, and long-lasting. Branching plants 2 ft. tall. Medium early. An excellent cut flower and home garden variety. One of the finest white Asters. The picture at right clearly shows the long stems, branching near the ground. Pkt. 15c; 1/16 oz. 25c.

Ball Aster, Sulphur Yellow

975 Flowers are globular, fully double, the centers made up of many quill-like florets of deep sulphur-yellow surrounded by a single row or collarette of light creamy yellow ray petals. The striking flower form and color of this distinct Aster make it most popular for garden and cutting. Lovely in low vases. Plants grow 10 to 12 in. tall, of uniform, compact growth and extremely profuse blooming. Pkt. 25c.

Heart of France

Vicks World-Renowned Heart of France

Now Wilt-Resistant

The Most Popular Aster Grown!

1213 Heart of France is one of the many Vick Asters which have helped to spread our fame around the world, and today is offered in the catalogs of nearly every seed house. Scintillating in the brilliancy and clearness of its unusual color tone, like the limpid fires of the rarest ruby.

Heart of France is the purest red Aster ever introduced, opening pure ruby-red and deepening with age but retaining its remarkable beauty to the very end. The petals appear strikingly changeable showing now a unique glow and sheen, now a soft, warm, velvety texture. In any light, natural or artificial, it commands admiration.

Heart of France is one of Vicks Branching Asters with large and full flowers on very robust plants. The stems are long and strong. The plants begin to bloom quite early and open fully with midseason varieties, retaining their brilliance and luster for a longer period than most any other color. When we named this magnificent bloom "Heart of France," the French Ambassador, later President of France, wrote us in appreciation of the tribute.

Pkt. 15c; 1/16 oz. 20c.

Vicks Sensational Black Knight

Wilt-Resistant

1199 The darkest, most unusual of Asters, almost jet-black, never failing to attract instant, admiring attention. Black Knight has medium-sized blooms that are broad-petalled, very double, on branching plants; are similar to the Royal Asters on page 7, blooming at the same time. **Pkt. 20c; 1/16 oz. 30c.**

Black Prince • *Wilt-Resistant*

1053 A unique rich blue-black. Broadly branching plants with an abundance of fairly long flower stems having little foliage and few laterals. One of the choice American Beauty Asters (see other colors on page 3).

Pkt. 20c; 1/16 oz. 30c; 1/8 oz. 50c.

Black Knight

Pink Enchantress

Wilt-Resistant

1196 Truly immense flowers of a soft delicate pink like that of Pink Enchantress Carnation, not so deep as Shell-Pink yet this color keeps exceptionally well, and fades only when the flowers are well-aged. The large, always fully double flowers are globular and have gracefully curving petals of medium length, very broad, loosely arranged in a soft and pleasing effect. The plants are about 2-3 ft. tall, and are upright-growing, with the flowers on very long stems. Fine strong stems, good lasting qualities, attractive form. Pink Enchantress blooms between the midseason and later varieties. **Pkt. 15c; 1/16 oz. 30c.**

Dr. Duerr

1148 A lovely light yellow, much admired by those who have seen it. A new imported variety. It has been prized by European gardeners and has caused a lot of favorable comment abroad. The well-shaped, rounded blooms are very useful for cutting. Dr. Duerr, classed as a large-flowered Rose Aster, is upright-growing, with plants about 2 ft. tall. Blooms midseason to frost.

Pkt. 15c; 1/16 oz. 30c.

Crimson Giant • *Wilt-Resistant*

1149 Crimson Giant is one of the very fine newer Asters with enormous double flowers of rich, brilliant crimson. The flowers open about the middle of the Aster season and bloom for a long period. The 15 to 18 in. stems make them more valuable for cutting. The upright plants are 2½ ft. tall. **Pkt. 15c; 1/16 oz. 25c.**

Autumn Glory

Wilt-Resistant

1195 Truly beautiful; pure seashell pink. Similar to Shell-Pink on opposite page, but a deeper and longer keeping color. The flowers are very large, double, unusually long-stemmed. The latest of all Asters, prolonging the Aster season by two weeks. Vigorous, branching plants 2-2½ ft. tall. **Pkt. 15c; 1/16 oz. 30c.**

Pink Enchantress

Silvery Pink

Vicks Silvery Asters

Wilt-Resistant

The Silvery Asters derive their distinction from the delicate silvery sheen which overlap the predominating color. Massed in enormous double blooms, each petal is actually the same color from base to tip but the silvery sheen creates an entrancing impression of color tones and lights on the curled petals. The plants are of branching habit, 2-3 ft. tall, with an abundance of long-stemmed flowers. Late.

1215 **Silvery Pink.** Exquisite glistening pink. Warm and glowing in the heart, with silver sheen overlying the rest of the flower. **Pkt. 25c; 1/16 oz. 35c.**

1216 **Silvery Rose.** The original Silvery Aster. Each petal is deep lilac-rose, almost cerise, threaded with silver. **Pkt. 15c; 1/16 oz. 30c.**

Ostrich Plume Indian Summer

1068 Bright, rich terra-cotta rose, a color not available in any other Aster, the coppery richness of which is displayed to perfection in the long, narrow, plumy petals which form a beautifully shaggy mass and go well with the Rochesters on pages 4 and 5, and similar type flowers on page 6. Its deep, warm color places it among the loveliest flowers in the garden. 3 in. flowers on sturdy branching plants 2½ ft. tall.

Pkt. 10c; 1/16 oz. 25c.

Vicks Famous Giant Branching Asters

WORLD-RENOWNED, these giant, fully double, globe-shaped Asters are among the most famous of all Asters originated by Vick. Immense 3½ to 4 in. flowers on stems frequently 2 ft. long, with broad, artistic, incurved petals, double to the very center. The plants grow 2 to 3 ft. tall and branch freely, blooming from midsummer to frost, ideal for cut flowers as well as a brilliant garden display.

Wilt-Resistant!

Each of these handsome colors are now wilt-resistant, so any who may live in a section where wilt-disease has affected Asters may now enjoy them again.

1251 **Azure Blue.** Clear lavender-blue.
1252 **Blackish Red.** Very dark.
1253 **Crimson.** Rich, glowing, deep red.
1262 **Deep Rose.** Clear rose.
1255 **Light Rose.** Soft rose.
1261 **Peach Blossom.** Peach-pink.
1257 **Purple.** Rich purple.
1258 **Shell-Pink.** Delicate light sea-shell pink.
1259 **Snow White.** Showy, pure white.

Any of the above colors, each:
Pkt. 15c; 1/16 oz. 25c; ⅛ oz. 40c.

1260 **Vicks Late Branching, All Colors Mixed.** For a luxuriant profusion of fine, big, long-stemmed flowers in riotous color array. Wilt-Resistant.
Pkt. 10c; ⅛ oz. 25c; ¼ oz. 40c.

California Giant Sunshine

California Giant Sunshine Asters

1240 All Colors Mixed. Called Anemone-flowered because the centers are made up of tiny quills which contrast in color with the richly colored ray petals. The centers are either light yellow or blue, and the petals are in delightful varying shades of rose, pink, blue and lavender. Often called the most beautiful Aster in the world. The striking flowers are 4 in. and more across, on strong stems 18 to 20 in. long. 2½ ft. Midseason.

Pkt. 20c; 1/16 oz. 35c; ⅛ oz. 60c.

Imbricated Pompon Asters

An alluring, artistic new form that wins instant favor wherever seen, both for garden display and in bouquets. If you have not already grown them, be sure to have some this year; if you did plant them last year, we need not urge you again. Upright, compact plants topped with clusters of small, round, pompon flowers. Each plant is in itself a bouquet. They grow 14-16 in. tall, and are a happy choice for bedding. The profuse, very double pompon flowers have broad quilled centers with an outside row of guard petals. Early-blooming. The pastel shades and two-tone flowers are especially charming.

Vicks Superb Peerless Asters

Last, but far from least in the Aster parade, come these famous Peerless blooms and especially Vicks Peerless Yellow, one of the real favorites among our many friends for years and years! The large flowers, freely double and globular, have long wiry stems and gracefully recurved petals. The branching plants are vigorous, 2½-3 ft. tall. They bloom toward the end of the Aster season.

Peerless Yellow

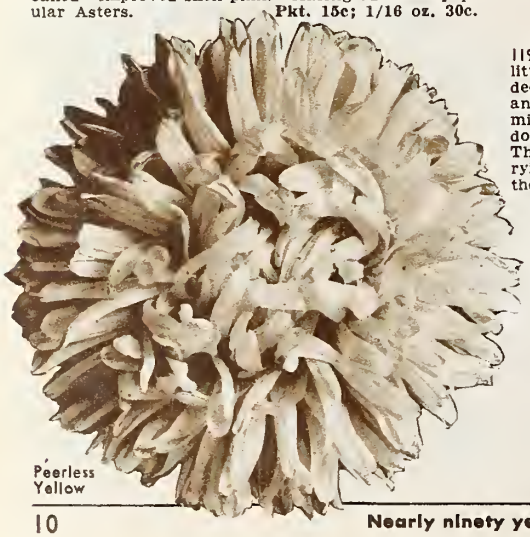
1207 Peerless Yellow won its popularity far and wide. Exquisitely large, remarkably full and ball-shaped flowers in a very rare shade of soft, beautiful yellow. The flowers are so unusually double that they produce but little seed causing a shortage year after year. Order early to be sure to get your seed of this fine variety. **Pkt. 25c; 1/16 oz. 45c.**

Peerless Blue

1214 Wilt-Resistant. Clear and rich, the finest blue Aster yet introduced. **Pkt. 20c; 1/16 oz. 35c.**

Peerless Pink

1256 Wilt-Resistant. The delicate color might well be called "improved shell-pink." Among our most popular Asters. **Pkt. 15c; 1/16 oz. 30c.**



Peerless Yellow

Dwarf Bouquet Asters

1194 All Colors Mixed. Very dwarf little plants, only 10 in. high, most decorative. Splendid for beds, edging, and for pots. They bloom in early midseason with a wealth of miniature double flowers just 1 to 1½ in. across. The plants are upright-growing, carrying their blooms like a bouquet at the top. **Pkt. 15c; 1/16 oz. 25c.**

Vicks King Asters

1108 All Colors Mixed. The beautiful, medium-sized flowers are made up of long, narrow, quill-like petals, and quite different in appearance from any other Asters. King Asters are favorites with many Aster growers, and are prized in the home garden. The plants are large and the flower stems strong. The intriguing blooms last a long time after cutting. They will strike a new note in your Aster garden.

Pkt. 10c; 1/16 oz. 20c.

Single Giants of California

1242 All Colors Mixed. The largest of single Asters. Daisy-like, they add to the garden and are fine cut flowers. Rich dark purple, Cineraria-like blooms, also pinks, whites, and the many rich colors characteristic of Asters. A single row of long, rather narrow petals surrounds a small yellow, beautifully contrasting center. The flowers are 3 to 4 in. across, on 18-in. to 24-in. stems. Midseason. 2½ ft. **Pkt. 10c; ⅛ oz. 30c; ¼ oz. 50c.**

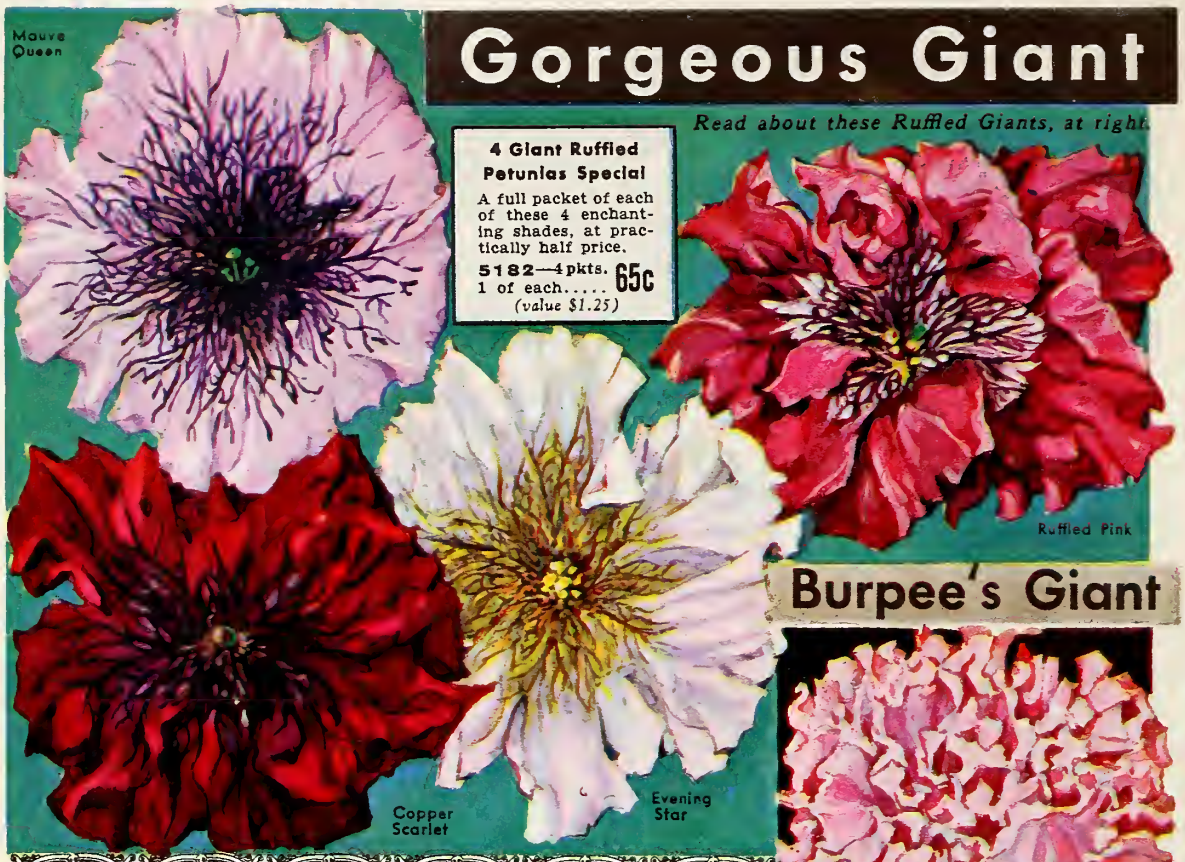
4 Giant Ruffled Petunias Special

A full packet of each of these 4 enchanting shades, at practically half price.

5182—4 pkts. 1 of each..... **65c**
(value $1.25)



Burpee's Giant

Big-Fringed

NOT quite so large as the Giant Ruffled Petunias at top of these pages nor so deeply ruffled, yet it would be difficult to say which group is more beautiful. While near the throat the petals are fairly smooth, the outer edges are elaborately fringed and frilled, but with a more regular contour.

These 4 Big-Fringed and Frilled Petunias

A wonderful value! All four beautiful varieties here illustrated.

5183—4 Pkts., 1 of each *(value $1.05)*.... **50c**

Ruffled Petunias

VICKS Giant Ruffled Petunias are of unsurpassed beauty—5 or 6 to 8 in. across, so deeply ruffled as to appear quite double. The stems are thick, the leaves broad and heavy. Unrivalled for bedding, cutting and growing in pots.

No flower is more admirably suited for garden display than Petunias; no flower has increased more rapidly in popularity.

Copper Scarlet

2578 Velvety rose scarlet, coppery sheen; blackish-crimson veining. Wide throat, blackish-mahogany. Very large. **Pkt. 40c.**

Evening Star

2582 Heavy-textured, wide-open, glistening pure white, accentuated by rich yellow throat with gold veins, markings. **Pkt. 30c.**

Mauve Queen

2640 Light mauve or heliotrope on white ground, veined deep royal purple; satiny black throat. **Pkt. 35c.**

Ruffled Pink

2580 Mauve-pink, purplish-mahogany throat, heavy veins. **Pkt. 25c.**

Robin Hood

2581 Rich dark crimson with violet-purple veins, a trace of royal purple toward the satiny black throat. Very large. **Pkt. 30c.**

Vicks Ruffled Dwarf Giants of California

Double Petunias

SEEDS can be obtained only by hand-pollination, at such high cost they are worth more than ten times their weight in gold! Ravishing colors, immense blooms, 4 to 5 in. across.

All-Double Fringed Dwarf Giants

(see picture at left)

2577 **All Colors Mixed.** Intensely fringed, round, showy blooms, a high percentage fully double. Purple, pink, lavender, heliotrope, rose, crimson, salmon, white, some variegated. **Pkt. 45c; 2 pkts. 85c.**

Mammoth Peony-Flowered

2555 **All Colors Mixed.** Fluffy, loosely arranged petals; pure white through rosy carmine and scarlet-purple, also variegated. Practically 100% double. **Pkt. 60c; 2 pkts. $1.00.**

These fancy varieties make fine cut flowers; favorite potted plants.

Sow seeds inside 6 to 8 weeks before planting time.

Petunias do well in most any garden soil, require little care.

Vicks Ruffled Dwarf Giants of California

2576 **Choice Mixed.** Large ruffled flowers on low and dwarf compact bushes. There are many splendid colors and color combinations. This mixture is outstanding for size of the flowers and variety of color; for the compactness of the plants and the freedom with which they bloom. **Pkt. 30c.**

Giant Fluffy Ruffles

2572 **Prize Mixed.** A variety of exquisite colors, all Giant Ruffled. The enormous flowers are beautifully waved and ruffled. They have wide-open throats, many of which are splendidly feathered or veined in contrasting colors. A regular 30c. pkt.—special advertising offer—for only 10c.

Big-Fringed Dwarf Petunias

SAME type as Big Fringed below at left, but growing on dwarf, compact, stocky plants only 8 to 12 in. tall. Frilled and waved flowers 2½ to 3 in. across. For low beds, borders, window boxes, potted plants.

Lace Veil

2548 A beautiful pure white with delicate cream-colored throat, heavily fringed and somewhat waved. The velvety white petal surfaces are very attractive. We consider Lace Veil well worth adding to the Vick Petunia family, and know you will enjoy it. Lace Veil was a new introduction last year. **Pkt. 35c.**

Setting Sun

2595 Beautifully fringed and toned, brilliant rose-pink with contrasting lighter throat. Very free-blooming, the flowers making the compact plant a glowing mass of color. **Pkt. 25c.**

Big Fringed Dwarf Mixed

2549 **All Colors.** An accumulation of many unusually charming colors that will fit into your garden plans. **Pkt. 30c.**

Petunias

THESE elegant Big Fringed Petunias grow from 4 to 6 in. across in a charming color range of pastel and bright colors, a worthy neighbor of the Ruffled Giants. Their attractively fringed and frilled edges have an irresistible appeal. Fine for bedding, pots, and cut flowers.

Apple Blossom

2584 Veins of rosy pink etched over blossom-pink, of shell-like delicacy and charm; throat veined deeper pink. **Pkt. 25c.**

Giant Pink Empress

2568 Deep rose-pink, intensified by the throat of golden yellow. Deeply fluted petals, quite heavily fringed. **Pkt. 25c.**

Salmon Beauty

2593 Bright salmon shading to deeper salmon; narrow yellow throat with delicate rosy veins. **Pkt. 30c.**

Scarlet Beauty

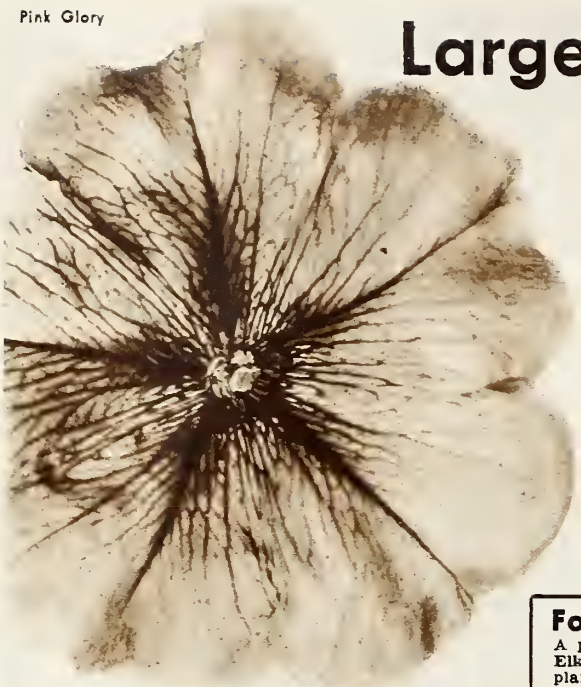
2583 Bright scarlet with rose glow and veined in deep crimson. Frilled and waved. The best brilliant red in the fringed class. **Pkt. 25c.**

Theodosia

2573 Rich, bright rose-pink flowers with centers of golden yellow, veined with purplish-black. Blue-green stamens. **Pkt. 25c.**

Setting Sun

Pink Glory



Large Single Petunias

Hybrida Grandiflora

FLOWERS are quite large, often measuring as much in diameter as the Giant Ruffled varieties — 4 in. and more across — but the edges are smooth. Usually deeply five-lobed, without fringes or ruffles. Excellent for beds, pots, window boxes, and cutting. For early blooms, start seeds indoors 6 to 8 weeks before outdoor planting time.

2639 **Burgundy.** Deep burgundy red with a rich velvety sheen; inconspicuous white throat. **Pkt. 25c.**

2571 **Elk's Purple.** Great velvety, deep violet-purple, star-shaped blooms against rich green foliage. One of the most popular of all Petunias. **Pkt. 25c.**

2552 **Pink Glory.** Large, well-formed blooms in exquisite, luminous pink, enhanced by a contrasting white throat, finely marked with creamy white veins. Every year it continues to increase in popularity. Blooms freely. **Pkt. 25c.**

2594 **Queen of the Market.** Radiant scarlet-hued carmine-cerise, the most vivid of all and an outstanding variety in this large-flowered single class. **Pkt. 30c.**

2570 **Mixed Colors.** A splendid blend of the choicest large single Petunias including the above and many other bright colors. **Pkt. 20c.**

Four Large-Flowered Single Petunias

Balcony Petunias

Large-Flowered Bedding

For a gorgeous garden display, as well as for unsurpassed porch and window boxes. The name "Balcony" does not signify exclusively for off-the-ground uses. They are among the finest of all for the garden.

Much-branched, spreading plants with many heavy-textured blooms, 2½ to 3 in. or more across. The large-flowered, healthy, free-blooming plants continue to bloom all summer till frost. Equally desirable for trailing from hanging baskets, porch and balcony boxes, and for bedding and cutting. Seeds may be started indoors or sown directly outdoors when weather has become warm. Delightful evening fragrance.

2553 **Blue Wonder.** New and truly beautiful. Rich, luminous mid-blue—the finest true-blue Balcony Petunia. **Pkt. 15c.**

2585 **Blue.** Heavy, velvety flowers between indigo blue and violet. **Pkt. 15c.**

2586 **Crimson.** A rich, brilliant hue. **Pkt. 15c.**

2587 **Rose.** Pure rose-pink. **Pkt. 15c.**

2589 **White.** Dainty, luminous pure white. **Pkt. 15c.**

2598 **Black Prince.** Dark almost to blackness, velvety textured, deepest ruby-red. **Pkt. 20c.**

2592 **Star of California.** Large white star-like blotches on deep velvety-violet, shaded crimson. The markings may vary, even on the same plant, lending added interest to the planting. **Pkt. 15c.**

2590 **Balcony Petunias, Mixed Colors.** A mixture to delight you—big, vigorous, attractively-foliaged plants with an abundance of blooms in a variety of colors. **Pkt. 10c; 1/32 oz. 25c.**

Five Fragrant Balcony Petunias

A very special price for you to enjoy planting the colors to suit your own color preference. A packet each of: **Blue Wonder, Rose, White, Black Prince** and **Star of California.**

Blue Wonder

Star of California

Bedding Petunias

THE plants are extremely free-blooming, producing a wealth of flowers even under most trying conditions of weather and soil. Spreading varieties lend themselves admirably for large beds, borders and porch boxes. Dwarf compact varieties are ideal for edgings to taller plants, beds, borders and pot culture. Sow seeds outdoors as soon as the soil can be worked; for earliest blooms, seeds may be started indoors. Extensively used for mass plantings.

Hybrid Spreading

2557 **Flaming Velvet.** The 1936 All-American Gold Medal Winner. Brilliant velvety scarlet, with unusual sheen. An outstanding color. **Pkt. 25c.**

2574 **Burpee's Blue.** Rich, clear, ultramarine blue, free from any purplish cast or pink tint. Good-sized flowers, produced abundantly on strong, well-branched plants. The finest blue Petunia in this class and one of the best of all blue flowers. **Pkt. 15c.**

2647 **Golden Rose.** Brilliant rose, golden yellow throat. **Pkt. 10c.**

2561 **Howard's Star Improved.** A perfect five-pointed white star on a crimson ground. **Pkt. 10c.**

2559 **Red Beauty** (General Dodds). Showy, vivid crimson-red. **Pkt. 10c.**

2646 **Snowstorm.** Pure white flowers borne so profusely as to practically hide the rich, deep green foliage. **Pkt. 10c.**

2567 **Violet Beauty** (Violacea). Deep velvety violet. **Pkt. 10c.**

2648 **All Colors Mixed.** The seven favorites above, with other rich shades in the Hybrid Spreading class. **Pkt. 10c; ⅛ oz. 30c.**

Dwarf Compact

2560 **Brilliant Rose.** Rich rose with satiny sheen. **Pkt. 15c.**

2566 **Cockatoo.** Deep violet-purple, irregularly marked white. **Pkt. 15c.**

2642 **Morning Splendor.** Small rosy purple blooms, profuse. **Pkt. 20c.**

Vicks Giant Pansies

Oregon Giants

2530 This mixture produces the largest Pansies of any that we have seen. If well grown they are 4 in. across. The flowers are flat with gracefully waved edges, a characteristic which makes them appear even larger. Many rich colors, all the most desirable shades. Probably the best of all Pansies for cutting, with extra long stems. The petals have a luxurious deep velvety texture. The seed may be sown early indoors for largest blooms or outdoors as soon as the soil can be worked.
Pkt. 40c; 1/16 oz. $1.00.

Vicks Superb Giants

2545 Our most popular Pansies, a mixture of all types of Giant Pansies with all the finest colors and markings, 3 to 3½ in. blooms, the very best American and European strains. Some are exquisite solid colors, others with unique contrasting blotches.

Tall Giant-Flowered Snapdragons

TALLEST of all Snapdragons, known botanically as Antirrhinum maximum, with the largest individual flowers on the strongest, longest, most massive spikes, and the longest stems for cutting. In the garden the spikes will grow from 2 to 3 ft. high with the upper 10 or 12 in. closely studded with huge, gorgeous blooms of exquisite form. They do well in full sun or semi-shade, continuously sending out new spikes for several months until frost. One of America's finest flowers for bouquets. And we have reduced prices this year.

New Rust-Resistant Strain

(in color on outside back cover)

Now, for the first time, there is a complete color range of named varieties in the new Rust-Resistant class. In addition to disease resistance, the size and shape of the flowers has been further improved, and the spikes are more prolific. All lovers of Snapdragons will want these marvelous new shades, regardless of whether you have been troubled with rust or not. Where rust is prevalent, order these by all means!

1355 **Apple Blossom.** Rich rose-pink with bright yellow blotch on lower lip, white tube. Huge flowers, eight to fifteen long spikes at a time.
1356 **Campfire.** Pure luminous scarlet closely-set flowers with highlighting yellow lips. Truly glorious, producing fifteen to eighteen very tall spikes.
1357 **Loveliness.** Pure rose-pink, one of the largest and finest formed of all Snapdragons, with twelve to sixteen long strong spikes to a plant.
1358 **Red Cross.** Deep, rich crimson, effectively displayed on glistening white tubes. Fifteen to eighteen outstanding giant spikes to a plant.
1353 **White Giant.** Pure white with faint yellow tinge on upper lip. Vigorous and prolific, twelve to sixteen giant spikes at a time.
1354 **Yellow Giant.** Clear canary yellow with white tube. A cheery hue that brightens the garden and adds to bouquets. Eight to fifteen giant spikes to a plant.

Each of the above: **Pkt. 15c; 1/16 oz. 35c.**

1350 **Tall Giant, Rust-Resistant Mixed.** A beautiful array of these and other rust-resistant colors not yet named or not yet of sufficient seed to offer separately, for the finest Snapdragons you have ever had in mixed colors. **Pkt. 15c; ⅛ oz. 50c.**

Six Other Choice Colors

These are among the most gorgeous shades ever produced in the magnificent Tall Giant class, but which have not yet been bred in the rust-resistant strain. Since only minor areas have been seriously infected with rust in Snapdragons, most gardeners continue to plant these favorites until similar shades are created rust-resistant. With these and the six above, your Snapdragon garden will be unsurpassed.

1334 **En Garde.** Upper lip warm coral-pink, suffused gold. Lower lip, bright yellow, shaded coral.
1347 **Fairy Charm.** Flaming tigered and blotched, yellow, crimson and orange shades mixed, with darker colored lips. Very unusual.
1337 **Orchid.** Bright mauve-lavender, deeper orchid tube. Vigorous.
1339 **Salmon Rose.** Salmon blending into begonia-rose, broad yellow lip. Beautiful in the garden display, exquisite in bouquets.
1341 **Sunnybrook.** Light coppery bronze shaded salmon, amber yellow lip, old rose tube.
1343 **Wallflower.** Rich deep coppery crimson, deep wine red tube.

Each of the above: **Pkt. 10c; ⅛ oz. 40c.**

1344 **Tall Giants, Mixed Colors.** For those who do not care to arrange the colors separately in the garden or plan for any specific number of plants in each color, we offer this splendid mixture of the above six and other fine colors in the Tall Giant class. **Pkt. 10c; ⅛ oz. 35c.**

Vicks Gorgeous Selection of

ZINNIAS are one of the most popular classes of flowers in America today, and without a doubt these magnificent Giant Double Dahlia-Flowered Zinnias have had a big part in winning such favor. Zinnias are very easy to grow and thrive most anywhere, blooming from early summer until fall. They are hot weather flowers and like sunshine, coming into their full beauty in late summer.

More Giant Dahlia-Flowered Zinnias are grown than any other type. They are exquisite in form and greatly resemble giant Dahlias. They have fine long stems for cutting, and last a long time in bouquets.

This actual photo is about 3/5 life size

Scarlet Flame

The varieties run the whole gamut of color—from the brightest and most brilliant to many marvelous pastel shades. Individual blooms measure 5 in. or more across, about 2 in. thick. Sturdy, well-branched plants 3 ft. high.

For your ease in reading the descriptions of the glorious shades at right (reproduced from actual flowers by the artist) we have listed them first, as they appear in the picture:

Top row, left to right:

3027 **Oriole.** Bright glistening orange-gold with clear orange center. **Pkt. 15c.**
3028 **Polar Bear.** Pure white, best white Zinnia. **Pkt. 15c.**
3024 **Illumination.** Scintillating, deep Tyrian rose. **Pkt. 15c.**

Bottom row, left to right:

3021 **Crimson Monarch.** Red is the most popular Zinnia color, and this rich crimson-scarlet always wins admiration. **Pkt. 15c.**
3022 **Dream.** Deep lavender turning to rich purple. **Pkt. 15c.**
3031 **Canary Bird.** Delicate primrose-yellow. **Pkt. 15c.**

Other glorious shades, not room enough to illustrate:

3023 **Exquisite.** Light rose with deeper rose center, creating a most artistic and distinct two-toned color effect. **Pkt. 15c.**
3032 **Golden Dawn.** Radiant golden yellow, almost a light orange. Wonderfully cheery. **Pkt. 15c.**
3025 **Luminosa.** A new color. Bright deep pink overlaid with soft shades and tones of salmon. **Pkt. 15c.**
3034 **Meteor.** Deep dark red, attractive metallic sheen. **Pkt. 15c.**
3026 **Old Rose.** Lovely shade of warm old rose changing to rosy buff as the flowers become older. **Pkt. 15c.**
3029 **Scarlet Flame.** Dazzling bright scarlet blended with orange. A vivid, brilliant color. See photo at left. **Pkt. 15c.**
3030 **All Colors Mixed.** The above 12 choicest colors and several others, all blended together with the right quantity of seeds in each color, for a gorgeous garden display and many-colored bouquets. **Pkt. 10c; ⅛ oz. 25c.**

Scabiosa-Flowered Zinnias

3095 All Colors Mixed. Charming, distinctive, 2½ to 3 in. across. The flowers are formed with broad ray or outer petals, surrounding a cushion-like mound of quill-like petals, resembling the annual Scabiosa. Many exquisite colors, including pink, rose, yellow, orange, crimson, scarlet, white. Fine long stems, distinctive in bouquets. **Pkt. 10c; ⅛ oz. 25c.**

Lilliput or Pompon Zinnias

3065 All Colors Mixed. Tiny, graceful, artistic, only 1 to 1½ in. across. Deeply-piled conical heads made up of a perfect inlay of little petals. Plants 12 to 18 in. tall, effective for bedding and borders. Very fine cut flowers with good stems, for charming miniature bouquets or centerpieces. This mixture includes all Lilliput colors listed separately on next page, and others. **Pkt. 10c; ¼ oz. 30c.**

To get these colors separately, see prices on page 30.

New Fantasy Zinnias

3079 All Colors Mixed. Winner of 1936 All-America Award of Merit. Twisted, tubular petals give the flowers a unique chrysanthemum-like form. Well-rounded, medium-sized 3 to 3½ in. flowers on long, slender stems well above the foliage. Colors include red, yellow, orange and many fine pastel shades of pink, lavender, cream. 2½ ft. **Pkt. 10c; ⅛ oz. 25c.**

Giant Dahlia-Flowered Zinnias

Seven Lilliputs

For a beautiful array, offered at this special price: **Canary Yellow, Crimson Gem, Golden Gem, Lilac Gem, Rosebud, Salmon-Rose** and **White Gem**, 1 of each.

Lilliput Zinnias

Pompon

Lilliput or Baby Zinnias have exquisitely formed small pompon-like flowers only 1 to 1½ in. across, in the best and gayest colors. Dwarf bushy plants, 12 to 18 in. tall, effective for bedding and border planting, literally covered with double blooms. Excellent for cutting, very artistic in miniature bouquets. Bloom all summer.

3060 Canary Yellow **3059 Lilac Gem**
3061 Crimson Gem **3066 Rosebud**
3062 Golden Gem **3063 Salmon-Rose**
3064 White Gem

Any of the above:
Pkt. 15c; ¼ oz. 35c.

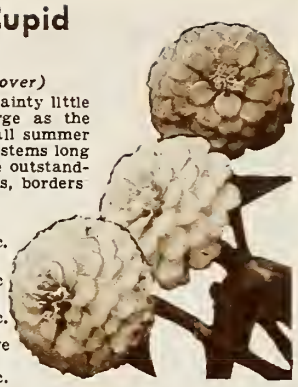
(For Lilliput Zinnias, all colors mixed, see page 29, where Canary Yellow, Crimson Gem, Rosebud and Salmon-Rose are in color.)

New Burpee's Cupid Zinnias

(In full color on front cover)

Smallest of all Zinnias, with dainty little blooms only about ⅜ as large as the Lilliputs, blooming profusely all summer on plants just 12 in. high with stems long enough for cutting. One of the outstanding miniature flowers. For beds, borders edging, and bouquets.

2993 Tiny Tim. Scarlet red. **Pkt. 20c.**
2994 Pixie. Golden-yellow. **Pkt. 20c**
2995 Snowdrop. Pure white. **Pkt. 20c.**
2996 All Colors Mixed. The above and other fine shades. **Pkt. 20c; ⅛ oz. 40c.**



Mexican Zinnias

3091 Double, Mixed Colors. Attractive, distinct Zinnias. Dwarf, well-branched 1 to 1½ ft. plants. Small 1 to 1½ in. double and semi-double blooms, profuse all summer and fall. Unexcelled for bedding, edgings and cutting. Shades of yellow, orange and dark red, many bordered and tipped creamy white. **Pkt. 10c.**

Mexican Zinnias

Cactus-Flower Zinnias

3077 Mixed Colors. The artistic petals are either partially quilled or tubular, on large flowers 3 to 4 in. across, borne profusely. In mostly warm shades such as salmon, deep rose, old rose, russet, and dark red. There are also unusual effects in coppery rose, burnished gold and almost clear copper, impressively accented by highlights and shadows of the curled and twisted petal surfaces. 3-ft. plants. **Pkt. 15c.**

Cactus-Flower Zinnias

Picotee Delight Zinnias

3084 Salmon-Rose. A variety highly prized for cutting. The attractive, ruffled petals are salmon-rose, many beautifully tipped or picoteed in a contrasting color. Same size and habit as Cut-and-Come-Again Zinnias. **Pkt. 15c**

Cut-and-Come-Again Zinnias

3090 All Colors Mixed. Neat bushy, compact plants about 2 ft. tall. 2½ in. well-rounded flowers. The abundance of bloom and its value for cutting make this Zinnia popular. An excellent, colorful mixture for bedding or borders. **Pkt. 10c; ¼ oz. 25c.**

Curled and Crested Zinnias

3075 Mixed Colors. Truly beautiful, somewhat like the Fantasy Zinnias on page 29. The narrow petals are twisted and curled back making graceful, artistic, 3½ in. double flowers. There are many colors—the reds and deep rose-pinks are especially fine. 2 ft. tall. **Pkt. 10c; ¼ oz. 25c.**

Popular Giant Mammoth Zinnias

Deep Salmon-Rose

THESE are the large double flowers which started Zinnias on their way to such universal popularity. They are the favorite of thousands, and are today receiving new interest because of the very deep blooms, 2½ in. or more thick. Flowers grow 4 in. across, lasting well as cut flowers. The petals overlap in shingle-like fashion. The stems are long. The colors are exquisite and brilliant. 2½ to 3 ft. plants, well covered with flowers until cut down by frost.

3004 Burnt Orange. A rich and striking color.
3001 Crimson. Vivid and showy.
3013 Deep Rose. Rich luminous rose-pink.
3012 Deep Salmon-Rose. Rich, warm, salmon-rose.
3003 Golden Yellow. The luster of burnished gold.
3011 Isabellina. Pale buttercup yellow.
3006 Purple. Dark blue-purple, most effective with yellow.
3008 Scarlet. Brilliant dark red.
3009 White. Pure clear white.
Any of the above: **Pkt. 10c.**

3010 All Colors Mixed. A profusion of bloom in glorious shades. Grown separately and carefully blended in correct proportions of each color. **Pkt. 10c; ¼ oz. 30c.**

VICKS
Vegetable Seeds

Specially Selected for Home Garden Planting
— also most popular varieties for roadside stands and produce markets

NO matter how small your garden may be, be sure to sow vegetable seeds this year. Early radishes, carrots, onions, etc., may be sown right in with the slower-germinating flower seeds or in between rows where they may be pulled for the table before the flowers need the space. It is surprising how little space is needed to also grow Beans, Peas, Lettuce, Parsley, Peppers, Spinach, Tomatoes, Beets, etc.

Artichoke
4092 **Green Globe.** Cook like asparagus. A great delicacy, rapidly gaining favor. Pea-like flavor. Lives many years. A pkt. produces 25 plants; ½ oz. 150.
Pkt. 15c; ½ oz. 25c.

Asparagus
4096 **Mary Washington Seed.** Sown in early spring, delicious asparagus may be cut the third year.
Pkt. 10c; oz. 15c.

5900 **Mary Washington 2-year-old roots.** Heavy-yielding, rust-resistant, with thick rich dark green stalks, superior to the original Washington in every respect. Cut lightly the season after planting and in the regular way the second year after.
25 roots for 85c; 50 for $1.35; 100 or more at $2.25 per 100.

Mary Washington Asparagus

Wax Pod or Butter Beans

Stringless, Bush — Plants 12 to 20 in high. 1 Pkt. sows 25 ft.; 1 lb. 100 ft.

Burpee's Brittle Wax

4020 (50 days). Also known as Round Pod Kidney Wax. Remarkably hardy bushes, upright growth, about 1½ ft. high, developing early. Prolific branches of lemon-yellow pods 5½ to 6½ in. long—round, thick, and slightly curved. Perfectly stringless. White seeds, dark markings around eye. Fine for Shell Beans.

Pkt. 10c; ½ lb. 25c; lb. 40c; 2 lbs. 75c; 5 lbs. $1.40.

Pencil Pod Black Wax V

4023 (52 days). One of the most popular of all Wax Beans, of delicious mild flavor and very tender. The brittle, clear yellow, round pods are perfectly stringless, nearly straight, and grow 5½ to 6 in. long. Dwarf hardy bushes. The black seed may be sown very early in the season.

Pkt. 10c; ½ lb. 25c; lb. 40c; 2 lbs. 70c; 5 lbs. $1.30.

Rustless Golden Wax V

4026 (48 days). Undoubtedly the earliest Wax Bean. Bushes 10 to 12 in. tall, bearing freely. Brittle, stringless, thick, straight, flat pods 4 to 5 in. long. Color, lemon-yellow, slightly tinged with green. White seeds, marked with fawn and magenta. Free from rust disease.

Pkt. 10c; ½ lb. 25c; lb. 40c; 2 lbs. 70c; 5 lbs. $1.30.

Sure-Crop Stringless

4027 (50 days). Wonderfully prolific. Free-branching, every branch carrying a heavy load of rich yellow, stringless, flat pods 6 to 7 in. long. Black-seeded. Very hardy, may be sown early. Disease-resistant. The big pods, ½ in. wide and very meaty and sweet, are perfectly stringless at all stages of growth.

Vicks Rustless Golden Wax

Burpee's Stringless

Pencil Pod Black Wax

Green Pod Beans

Stringless, Bush — Same type plants as Wax Pods above

Bountiful

4001 (48 days). The stringless flat pods grow 6 to 7 in. long and remain in good condition long after picking. Fine for shipping purposes. Unexcelled on light sandy soils, where the bushes will produce an extra-large crop of handsome beans. Brittle, tender, fleshy, light green pods of finest quality and flavor. Matures early. Olive-yellow seeds.

Pkt. 10c; ½ lb. 25c; lb. 40c; 2 lbs. 70c; 5 lbs. $1.30.

Burpee's Stringless V

4006 (48 days). Accepted for years as unequalled by any other Green-Pod Bush Bean. The attractive, rich green pods are about 6 in. long, slightly curved, and are so thick even when quite young as to be double-barreled. The pods are meaty and juicy, lacking the faintest signs of any strings even when fully grown. Always tender, brittle, and of very fine flavor. Medium-sized bush plants of somewhat spreading growth. Enormously productive. Noted for hardiness and extreme earliness. Seeds are dark coffee-brown.

Pkt. 10c; ½ lb. 20c; lb. 35c; 2 lbs. 50c; 5 lbs. $1.05.

Giant Stringless

4005 (50 days). Similar to Burpee's but the bushes are larger and more open in habit, maturing a few days later. Tender, brittle, round pods 6 and 7 in. long, almost straight. Pods are lighter green than Burpee's Stringless. Light brown seeds. Early to midseason, a favorite with canners.

Pkt. 10c; ½ lb. 20c; lb. 35c; 2 lbs. 50c; 5 lbs. $1.05.

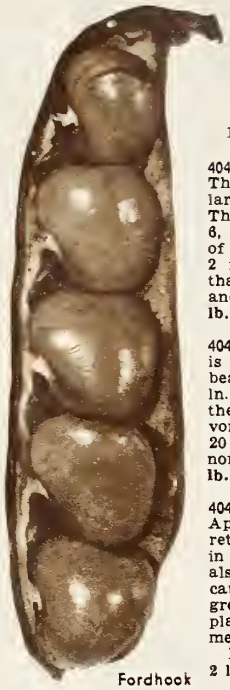
Tendergreen V

4009 (52 days). One of the newest varieties and absolutely stringless even when fully grown. The deliciously tender, light green, round pods average 7 in. long. They are well branched and carry a great quantity of beautiful beans. The bushes are strong and erect in habit.

Pkt. 10c; ½ lb. 25c; lb. 40c; 2 lbs. 65c; 5 lbs. $1.20.

Bountiful

Bush Lima Beans



Fordhook

1 Pkt. plants 25 ft.; 1 lb. 100 ft.

4041 **Burpee's Improved Bush** (75 days). The largest-podded bush bean, with larger, thicker beans than any other. The pods are borne in clusters of 5 or 6, and each pod contains 4 or 5 beans of delicious, nutty flavor. 30-in. plants, 2 ft. across, produce a greater yield than all others. Grown for both green and dry beans. **Pkt. 10c; ½ lb. 25c; lb. 40c; 2 lbs. 70c; 5 lbs. $1.25.**

4040 **Fordhook** V (75 days). Fordhook is a bush form of the "Potato Lima" bearing pods, in clusters, 4½ to 5½ in. long, 4 or 5 large, plump beans to the pod, with a decided chestnutty flavor much more tasty than other Limas. 20 in. plants, 2 ft. wide. The best for northern states. **Pkt. 10c; ½ lb. 25c; lb. 45c; 2 lbs. 75c; 5 lbs. $1.30.**

4043 **McCrea Bush** (New) (75 days). Aptly named the "Baby Fordhook." It retains the nutty flavor of Fordhook in the small size beans. The pods are also small but the delicious flavor has caused McCrea Bush Lima to be in great demand. Entirely different. The plants are stocky, erect, dark green, medium of season, and heavy yielders. **Pkt. 10c; ½ lb. 25c; lb. 45c; 2 lbs. 85c; 5 lbs. $1.55.**

Pole Lima Beans

1 Pkt. to 10 poles; 1 lb. to 50 poles.

4077 **Burpee's Giant Podded** V (95 days). Largest of Pole Limas, pods 7 to 8½ in. long, 1½ in. wide. 4 or 5 extra-large beans to pod. Superb flavor. Up to 12 ft. vines. Prolific giant pods until frost, in clusters. **Pkt. 10c; ½ lb. 25c; lb. 40c; 2 lbs. 70c; 5 lbs. $1.30.**

4076 **King of the Garden** (88 days). Large pods well-filled with 5 or 6 large-sized, flat, green beans. Easy to shell. Vigorous and hardy, bearing generously until destroyed by frost. **Pkt. 10c; ½ lb. 25c; lb. 40c; 2 lbs. 70c; 5 lbs. $1.25.**

Pole Beans

1 Pkt. to 20 Poles. 1 lb. to 100 Poles.

4055 **Burger's Stringless Green Pod** (65 days). Also called White-Seeded Kentucky Wonder. Heavy crops of 6 to 7 in. oval pods, ½ in. wide, creasebacked, nearly straight. Tender, fleshy, brittle. Excellent flavor. 8 or 9 flat white seeds to pod. **Pkt. 10c; ½ lb. 20c; lb. 35c; 2 lbs. 55c; 5 lbs. $1.15.**

4059 **Old Homestead** (Kentucky Wonder) V (65 days). The favorite green pod for northern sections. Immense crops of round snap-pods 7 to 9 in. long, curved, slender, brittle and tender. 8-10 seeds to pod, fine for winter use. Slightly stringy when full size. **Pkt. 10c; ½ lb. 20c; lb. 35c; 2 lbs. 55c; 5 lbs. $1.15.**

4061 **Kentucky Wonder Wax** (67 days). Medium height. Good crops of snap-pods 8 to 9 in. long, round, crease-backed and nearly straight. Very light yellow, tender, but showing slight strings. **Pkt. 10c; ½ lb. 25c; lb. 40c; 2 lbs. 65c; 5 lbs. $1.20.**

Shell Beans

4002 **Dwarf Horticultural** (52 days). Snap-pods in 45 days; green shelled beans 10 days later. 5 in. pods, stout, flat, almost straight, stringless; dark green. Carrots for the Table

CARROTS have become an increasingly popular vegetable on the tables of America, and many tasty dishes are prepared with them. They are served as cooked vegetables, buttered or creamed, roasted with meats, broiled with potatoes and onions, etc. They are also used raw, grated or diced for adding to cabbage and jellied salads, and make a choice relish, served in long, slim segments for eating out of hand like celery or radishes. They are easy to grow and take little room in the garden. A packet sows 60 ft. of row; 1 oz. to 250 ft.

Vicks Perfection Chantenay

Vicks Perfection Chantenay V

4264 (75 days). (New.) The shape is ideal for the table, nearly same size from top to bottom. Also popular with market growers. 5 to 6 in. long, 1½ in. thick, slightly tapering to a blunt end. Coreless, tender and delicious. Deep golden yellow color. **Pkt. 10c; oz. 15c; ¼ lb. 40c.**

Chantenay

4252 (70 days). This early stump-rooted Carrot is usually chosen by the majority for their home gardens. Chantenay is tender and sweet, never becomes stringy. Distinctly stump-rooted. Color deep orange. Usually about 6 in. long and 1½ in. in diameter. The shape makes it easy to dig. Ships well, keeps well, and sells readily everywhere.
Pkt. 10c; oz. 15c; ¼ lb. 30c; ½ lb. 50c.

Tendersweet

Danvers Half-Long V

4253 (75 days). Adapted to all soils and all sections, always yields a big crop of dark orange stump or semi-pointed roots about 7 in. long; 1¾ in. thick at shoulder, ¾ in. at stump. The flavor is very sweet. Largely grown for both home and market. An especially fine strain of this famous Carrot. **Pkt. 5c; oz. 10c; ¼ lb. 30c.**

Goldinhart V

4256 (70 days). A real favorite for the garden. Smooth, uniform 2¼-in. roots, 6 in. long. A special strain of Chantenay, same deep orange-red color. Among the best for cooking, keeps longer than most. Fine-grained, tender, sweet.
Pkt. 10c; oz. 15c; ¼ lb. 45c.

Oxheart • *Guerande*

4257 (70 days). A fine table Carrot. Easily pulled or dug, almost globular in shape. The 6 in. roots are 2½ to 3 in. thick at shoulder, about 2 in. at bottom. Late midseason, but may be used while quite small. Delicious, tender, sweet. Heavy cropper for stock feeding. **Pkt. 5c; oz. 15c; ¼ lb. 30c.**

Tendersweet V

4262 (75 days). Also known as Imperator. 8 to 10 in. long, tapering down to a blunt end, rich orange-red in color. Very uniform in size and shape. Popular with market growers, the bunches are so attractive. So tender, sweet and brittle, even those who never before relished Carrots have been tempted and enjoyed them.
Pkt. 10c; oz. 15c; ¼ lb. 30c.

Vicks Butter

4251 (70 days). Mild and buttery, lusciously sweet and tender, practically coreless. Ideal for vegetable salads, remarkably crisp and brittle. Fine-grained, never becoming stringy or showing rings. Color bright orange; tops small, fine-leaved. The 6 in. roots are 1½ in. thick.
Pkt. 10c; oz. 20c; ¼ lb. 50c; ½ lb. 75c.

Vicks Coreless

4260 (70 days). Much in demand by critical growers because of its beautiful deep red-orange skin, and the heavy crops it yields. Stump-rooted, one of the best for the table.
Pkt. 10c; oz. 20c; ¼ lb. 60c.

Vicks Luscious Sweet Corn

SUGAR or Sweet Corn is one of the most satisfactory vegetables for the home garden, and profitable for the market grower. It does not take many hills to supply the average family with fresh, tender, juicy ears that would grace the table of a king—and taste better, unless his was also grown on his own grounds and picked fresh before serving. If you haven't yet tasted Sweet Corn prepared right after picking, a new delight awaits you! A Pkt. will plant about 30 hills; 200 hills to the ½ lb.

Vicks Golden Nugget

Early Yellow Corns:

Extra Early Golden Bantam V

4331 (80 days). Golden Bantam excels in sweetness. This variety retains all the famous flavor, and ripens earlier. 5 to 6 ft. stalks, 2 luscious, tender, juicy, 8-rowed, 5 to 6 in. ears each.

Pkt. 10c; ½ lb. 20c; lb. 35c; 2 lbs. 55c; 5 lbs. $1.15.

Golden Cross Bantam

4344 (New) (86 days). Practically immune to wilt. 8-in. ears, 10 to 14 rows of broad, light golden yellow kernels. Famous Bantam flavor, one week later. High-yielding, uniform. Vigorous 6 to 6½ ft. stalks.

Pkt. 15c; ½ lb. 25c; lb. 45c; 2 lbs. 85c; 5 lbs. $1.70

Golden Sunshine

4333 (74 days). Ripens earlier than Extra Early Golden Bantam. 7 in. ears, 1⅛ in. thick, closely set with 10 to 12 rows of golden yellow kernels. 4½ to 5 ft. stalks, mostly 2 ears each.

Pkt. 10c; ½ lb. 25c; lb. 40c; 2 lbs. 70c; 5 lbs. $1.30.

Vicks Golden Nugget V

4339 (85 days). Remarkable golden yellow. 2 to 3, sometimes 4 ears to a stalk; 6 to 7 in. long, 12 to 14 rows, delicious flavor, just a few days after Golden Bantam.

Early Yellow Globe

4612 (95 days). The very earliest yellow globe onion, matures about 3 weeks before Southport. Large, beautiful bulbs, 2 in. or more. Very productive, good keeper. **Pkt. 10c; oz. 30c; ¼ lb. 90c.**

Ebenezer

4603 (100 days). Considered the best for growing "sets." Japanese. Heavy yielder and long keeper. **Pkt. 5c; oz. 25c; ¼ lb. 70c.**

Danvers Yellow Globe V

4601 (110 days). Vicks selected strain. The onions are large, same beautiful round shape as Southport Yellow Globe, slightly smaller. Excellent winter keeper. Well-ripened bulbs average about 2 in. in diameter. Light golden brown skin, white flesh. Sweet and mild. **Pkt. 10c; oz. 30c; ¼ lb. 85c; ½ lb. $1.25.**

Southport Red Globe V

4608 (120 days). Large, glossy, purplish red. White flesh. Very showy. Good shipper and keeper. **Pkt. 10c; oz. 30c; ¼ lb. 85c.**

Southport White Globe V

4609 (110 days). Paper-white skin. Pure white flesh; sweet, juicy, delightfully mild. Main-crop, keeps well for some time. **Pkt. 10c; oz. 35c; ¼ lb. 90c.**

Southport Yellow Globe V

4610 (115 days). Onions mature all at one time, remarkably uniform in color, shape, and size. Bright golden yellow skin, pure white flesh. Mild, solid, juicy. Perfectly globular; thin, slender necks. **Pkt. 10c; oz. 30c; ¼ lb. 85c.**

Mammoth Improved Prizetaker V

4605 (100 days). Will succeed when many others fail; does well in light sandy soil. Onions grow to extra large size under good growing conditions and sometimes weigh as much as 4 lbs. each, measuring 4 in. and more in diameter. The skin is thin, of a beautiful golden brown tint, and the flesh is pure white, solid, crisp, juicy, and agreeably mild. The Onions are all of uniform size, shape, and color. By far the most handsome, finest flavored, most productive and best of all the yellow globe onions. **Pkt. 10c; oz. 25c; ¼ lb. 75c.**

Onion Sets

Plant in early spring for small green onions in 2 or 3 weeks, or large onions if left to mature, 1 lb. to 100 feet of row.

5932 **Ebenezer (Japanese)** V Large round mild onions, slow in running to seed. Light golden brown skin and pure white flesh.

5934 **White.** Round, thin-necked onions of highest quality; for scallions plant deeply to blanch the neck.

5930 **Yellow.** Grow into large onions with golden yellow skin, and of good keeping quality. Sets of even size.

Any of the above varieties of Onion Sets: Lb. 30c; 2 lbs. 50c; 5 lbs. or more at 19c per lb.

Extra-Early Garden Peas

THESE hardy smooth-seeded Peas may be sown in the garden as early as possible in the spring, to be among the first fresh vegetables, a real treat and a thrill among gardeners to see who shall have them first.

We recommend planting a row or two of these smooth-seeded Peas every 10 days, beginning even before frosts are ended. They are of fine flavor. A small garden can easily produce enough Peas to supply the table for many weeks. 1 pkt. sows 20 ft., 1 lb. 100 ft.

Alaska

4701 (56 days). Sometimes called "Earliest of All." A great favorite with market growers and canners, maturing all its dark green pods at once. Equally desirable for the garden, a heavy cropper. The 3 in. pods are round, straight, square-ended, thickly filled with 6 to 8 large, attractive, light green peas of good flavor. Vines 2½ ft. tall.

Pkt. 10c; ½ lb. 20c; lb. 35c; 2 lbs. 55c; 5 lbs. $1.15.

Carter's Early Eight Weeks (Radio) V

4705 (58 days). A dwarf variety, about 15 in. high, allowing close planting. May be sown even before danger of frost is ended. A great favorite, of superb quality and most amazing productiveness. Plants make a vigorous bush, about 15 in. tall, simply loaded with large, well-filled, square-ended pods. Luscious flavor. The seed is smooth, showing slight dimples. The pods are large, well-filled.

Pkt. 10c; ½ lb. 25c; lb. 40c; 2 lbs. 75c; 5 lbs. $1.40.

Fresh-Picked Peas Are A Real Treat!

MODERN science in transportation and refrigeration now get these new improved strains to market while still tender, juicy and delicious, but home gardeners may enjoy even more luscious flavor by picking them from their own gardens just before dinner. By selecting dwarf varieties which do not take much room and need no stakes, you will be agreeably surprised at how easily you can grow the best peas you ever ate.

Early and Second-Early *Wrinkled Seeds*

Little Marvel

American Wonder

4700 (60 days). Vines 14 in. tall, good crop of well-filled pods 3 in. long. Earliest of the dwarf wrinkled, a few days after Alaska. Sweet as sugar.

Vicks Originated World-Famous Radish

A Pkt. sows 20 ft.; 1 oz. sows 100 ft.

TODAY known round the world as the best of all red radishes and planted more than any other, Vicks Scarlet Globe was originated by Vick way back in 1884, and none have ever surpassed the splendid virtues of this handsome variety. Every garden should have radishes. Many sow in with slower-germinating carrot or flower seeds, and pull radishes before seedlings need space; rows can be cultivated sooner, too

French Breakfast

French Breakfast V

4803 (23 days). Olive-shaped, 1¾-in. long. Bright rose-scarlet skin, shading to clear white in lower portion. White, firm, crisp, juicy, tender. Pkt. 5c; oz. 15c; ¼ lb. 25c.

Glowing Ball

4804 (22 days). Very early. Round, small top, thread-like tap root. Bright orange-scarlet. White flesh, crisp, and delicious. Pkt. 10c; oz. 15c; ¼ lb. 30c.

Vicks Giant Red

4810 (30 days). When mature, it is much larger than other turnip-shaped Radishes, 1½ in. in diameter, but does not become pithy or hollow; remains solid and firm for a long time. Deep crimson skin; pure white, crispy flesh. Pkt. 10c; oz. 20c; ¼ lb. 50c.

Vicks Three Weeks

4812 (22 days). This Radish has great value because it is ready for the table in less than three weeks from sowing the seed. It is very attractive in appearance, bright red, globe-shaped and uniform, with crisp, pure white flesh. Pkt. 5c; oz. 10c; ¼ lb. 30c.

White Icicle

Vicks Scarlet Globe V

4809 (23 days). Crisp as ice, tender, juicy, mild, delicious. Ideal for both home garden and for the greenhouse. Early. Endures heat required for forcing without becoming pithy, or losing flavor. Rich scarlet skin, small tops. A beautiful, oval-round shape. Pkt. 10c; oz. 15c; ¼ lb. 25c; ½ lb. 40c.

Vicks Scarlet Globe

The best all-around radish in existence. Handsome in form and color. Attractive in bunches, and on the table.
